Baked Beans

(Hawaiian Style)

Kimchi

(or our chef made Coleslaw)

Fresh Fruit Melon Boat

We carve a whole large watermelon into the shape of a whale and fill it with tropical fruits such as fresh pineapple, papaya, passion fruit, mango, guava, kumquat, kiwi fruit, bananas and chunk coconut.

Relish Tray

Our relish tray is three tiered hand carved Monkey Pod wood. We pile it with traditional relishes plus Island favorites such as jicama, fresh sweet potato slices and sugar can spears.

Kona Coffe & Island Iced Tea

The buffet table will have the roast pig on a special raised display table. We decorate the buffet table with Hawaiian print tablecloths and fish nets, Tiki gods, Tiki torches, tropical silk flower arrangements and many other Hawaiian art effects.

We also have several Hawaiian CD's you can borrow.

We can also make a special-effect volcano cake; the top layer looks like a volcano. The flame singed volcano peak is drizzled the chocolate lava and garnished with macadamia nuts
